

MG VASTR[®] MEMBRANE TAPE BASIC

VASTR[®] membrane tape basic is a single-sided tape for wind and waterproof sealing of overlap seams and repair of damage. VASTR[®] membrane tape basic is provided with a reinforcement mesh making it very strong and also easy to tear off.

Application

VASTR[®] membrane tape basic can be used for taping seams or repairing PE membranes. In connection with proper air and vapour sealing with vapour control membranes, always tape off the staples even if a knee batten is applied over the staples.

Installation

VASTR[®] membrane tape basic should be applied to a dust and grease-free, dry surface to ensure good adhesion. Apply VASTR[®] membrane tape basic to the center of the seam and overlap and press firmly.

Description

VASTR[®] Folie tape basic

Size

75 mm x 25 m

Quantity

20 roll / box

Article no.

8107502501

EAN code

8714672002621

Specifications

Color Transparent	Adhesion to steel 40 N / 25 mm
Material PP coated fabric	
Adhesive layer Synthetic rubber	Cutlass Release liner
Storage Dark, dry, 10 °C to 20°C	
Temperature resistance -10 °C to + 75 °C	Processing temperature From 0 °C
